November 20, 2020

Honorable Greg Abbott, Governor
Honorable Glenn Hegar, Texas Comptroller
Jerry McGinty, Director, Legislative Budget Board
Lisa Collier, First Assistant State Auditor

Dear State Officers:

The Authority is pleased to submit its Annual Financial Report for the fiscal year ended August 31, 2020, in compliance with Texas Government Code Annotated, Section 2101.011 and in accordance with the requirements established by the Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas *Comprehensive Annual Financial Report* (CAFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions regarding the report, please contact Deputy Director John Hernandez at (512)463-3101.

Sincerely,

Lee Deviney
Executive Director

TABLE OF CONTENTS

I.	Letter of Transmittal	
II.	GENERAL PURPOSE FINANCIAL STATEMENTS	
	A: Combined Balance Sheet/Statement of Net Assets – Governmental Funds (Exh. I)	1
	B: Combined Statement of Revenues, Expenditures and Changes in Fund Balances/ Statement of Activities - Governmental Funds (Exh. II).....	5

Notes to the Financial Statements

NOTE 1: Summary of Significant Accounting Policies

Entity

The Texas Public Finance Authority (the "Authority") is an agency of the State of Texas. Its financial records comply with state statutes and regulations, including compliance with the Comptroller of Public Accounts' *Reporting Requirements for Annual Financial Reports of State Agencies and Universities*.

The Authority serves the state by providing state agencies and certain institutions of higher education financing for: (1) the acquisition, construction, repair, renovation, or other improvement of buildings and real property; (2) equipment that is eligible to be financed; and, (3) such other financing as the Legislature may designate. The Authority was created by the Legislature in 1983 and operates pursuant to Government Code Chapters 1232, 1401 and 1403. Policy direction is provided by the Authority's Board of Directors and is implemented by an Executive Director who serves at the pleasure of the Authority's Board. The Executive Director directs the Authority's operations.

The Authority includes within this report all accounting components as determined by an analysis of their relationship to the Authority.

The full accrual basis of accounting recognizes the financial effect of events that impact an entity during the accounting period, regardless of whether cash was received or spent. In business, full accrual accounting is commonly used to determine a more accurate net profit, to measure the financial position of the entity and to match income with expenses for the period. In government, the determination of net profit is not the primary objective; however, under GASB 34, government-wide financial statements (GWFS) are presented using the full accrual method.

The financial report will be considered for audit by the State Auditor as part of the audit of the state's *Comprehensive Annual Financial Report*; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Blended Component Units

No component units have been identified that should have been blended into an appropriate fund.

Fund Structure

The accompanying financial statements are presented on the basis of funds, each of which is considered a separate accounting entity.

Governmental Fund Types & Government-wide Adjustment Fund Types

General Fund

The General Fund is used to account for all financial resources of the State except those required to be accounted for in another fund.

Special Revenue Funds

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed for specified purposes other than debt service or capital projects.

Debt Service Funds

Debt Service Funds are used to account for the accumulation of resources for service of bond issues and liabilities and the payment of principal and interest on outstanding bonds and notes.

Capital Project Funds

Capital Project Funds are used to account for those financial resources used in the acquisition, repair, renovation, or construction of major capital facilities, and the costs of issuance associated with the sale of the bonds funding those projects. The Capital Project Funds also include financial resources set aside as a contingency for the potential payment of arbitrage rebate to the federal government.

Capital Asset Adjustment

Capital Asset Adjustment fund type will be used to convert governmental fund types' capital assets from modified accrual to full accrual.

Long-Term Liabilities Adjustment

Long-Term Liabilities Adjustment fund type will be used to convert governmental fund types' debt from modified accrual to full accrual.

Other Adjustments

Other Adjustments fund type will be used to convert all other governmental fund types' activity from modified accrual to full accrual.

Fiduciary Fund Types

Private-Purpose Trust Fund

Credit Enhancement Charter School Bonds (Fund 0834) holds the grant funds awarded to the Texas Credit Enhancement Program to provide credit enhancement grants to eligible charter schools by committing debt service reserve funds for bonds issued on behalf of those schools to finance education facilities.

Basis of Accounting

The basis of accounting determines when revenues and expenditures are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Governmental fund types that comprise the fund financial statements are accounted for using the modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized in the period in which they become both measurable and available to finance operations of the fiscal year or liquidate liabilities existing at fiscal year-end. The State of Texas considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current year for Fund Financial Statements prepared on the modified accrual basis. Expenditures and other uses of financial resources are recognized when the related liability is incurred.

Governmental adjustment fund types that will build the government-wide financial statements are accounted for using the full accrual basis of accounting. This includes capital assets, accumulated depreciation, unpaid employee compensable leave, the un-matured debt service (principal and interest) on general long-term liabilities, long-term capital leases, long-term claims and judgments and full accrual revenues and expenditures. The activity is recognized in these fund types.

Proprietary funds, pension trust funds, external investment trust funds and private-purpose trust funds are accounted for on the accrual basis of accounting. Under the accrual basis of accounting, revenues are

recognized when earned and expenses are recognized at the time liabilities are incurred. Proprietary funds distinguish operating from non-operating items. Operating revenues and expenses result from providing services or producing and delivering goods in connection with the proprietary fund's principal ongoing operations. Operating expenses for the enterprise and internal services funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

Budgets and Budgetary Accounting

The budget is prepared biennially and represents appropriations authorized by the Legislature in the General Appropriations Act and that were neither vetoed by the Governor, nor adjusted by budget execution.

Unencumbered appropriations are generally subject to lapse sixty (60) days after the end of the fiscal year for which they were appropriated, unless the unexpended balance is reappropriated into the next fiscal year.

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Balances/Net Position

ASSETS

Cash and Cash Equivalents

Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents.

Inventories

Consumable inventories include supplies and postage on hand at year-end. Inventories are valued at cost, generally utilizing the last-in, first-out method. Inventories for governmental fund types are accounted for using the purchase method of accounting. The consumption method of accounting is used to account for inventories that appear in governmental, fiduciary and proprietary fund types. The cost of these items is expensed when the items are consumed.

Other Receivables

Other receivables include year-end revenue accruals not included in any other receivable category. This account can appear in governmental and proprietary fund types.

LIABILITIES

Accounts Payable

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Other Payables

Other payables are the accrual at year-end of expenditure transactions. Payables may be included in either the governmental or proprietary fund types.

Employees' Compensable Leave Balances

Employees' Compensable Leave Balances represent the liability that becomes "due" upon the occurrence of relevant events such as resignations, retirements, and use of leave balances by covered employees. Liabilities are reported separately as either current or non-current in the statement of net assets.

Bonds Payable - General Obligation and Revenue Bonds

The unmatured principal of general obligation bonds is accounted for in the Long-Term Liabilities column. Payables are reported separately as either current or non-current in the statement of net assets.

Both general obligation bonds and revenue bonds payable are recorded at par. The bond proceeds are accounted for as an "Other Financing Source" in the governmental funds when received, and expenditures for payment of principal and interest are recorded in Debt Service funds when paid. These amounts are adjusted in the Long-term Liabilities Adjustment column.

General Obligation or Revenue Deep Discount Bonds

These bonds (zero coupon, capital appreciation, or compound interest bonds) do not pay interest until maturity. The bonds are priced so that the face value at maturity will yield both principal and interest at the effective interest rate.

These bonds are reported in the Long-Term Liabilities Adjustment column at par, less unamortized discount. The annual accretion, or increase in the amount of the liability, arising from accrued and unpaid interest on the bonds, has been reported as bonds payable.

Notes Payable

Commercial Paper - General Obligation

Commercial Paper - Revenue

The un-matured principal of notes payable is accounted for in current liabilities.

Notes Payable are recorded at par. The note proceeds are accounted for as an "Other Financing Source" in the governmental funds when received. Expenditures for payment of principal and interest are recorded in Debt Service Funds when paid.

FUND BALANCE/NET POSITION

The "Fund Balance" is the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources on the governmental fund statements. "Net position" is the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources on the government-wide, proprietary and fiduciary fund statements.

Non-spendable Fund Balance

Amounts that cannot be spent because they are either not in spendable form or legally required to be maintained intact.

Restricted Fund Balance

Restricted Net Assets result when constraints are placed on the net asset use either externally by creditors, grantors, contributors, and the like, or internally by law through applicable constitutional provisions or enabling legislation.

Committed Fund Balance

Amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the state's highest level of decision-making authority (the Legislature) are reported as committed fund balance.

Committed amounts cannot be used for any other purpose unless the Legislature removes or changes the specified use by taking the same type of action it employed to previously commit those amounts.

Assigned Fund Balance

Amounts constrained by the agency's intent to be used for specific purposes that are neither restricted nor committed are reported as assigned fund balance.

Unassigned Fund Balance

This is the residual classification for the general fund. The net resources of the general fund in excess of non-spendable, restricted, committed and assigned fund balances (a surplus fund balance) are classified as unassigned fund balance.

In all other governmental funds, the excess of non-spendable, restricted and committed fund balances over total fund balance (a deficit fund balance) is classified as unassigned.

Consolidated Funds

This designation represents the State Lease Account Number 0507 that was consolidated into the State's General Revenue Fund pursuant to Senate Bill 3, 72nd Leg., R.S., as of August 31, 1993.

Deferred outflows of resources

The government's net asset consumption that is applicable to a future fiscal year.

Deferred inflows of resources

The government's net asset acquisition that is applicable to a future fiscal year.

INTERFUND TRANSACTIONS AND BALANCES

The agency has the following types of transactions among funds:

- (1) Transfers: Legally required transfers are reported when incurred as 'Transfers In' by the recipient fund and as 'Transfers Out' by the disbursing fund.
- (2) Reimbursements: Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are not displayed in the financial statements.
- (3) Interfund receivables and payables: Interfund loans are reported as interfund receivables and payables. If repayment is due during the current year or soon thereafter, it is classified as "Current." If repayment is due in two (or more) years, it is classified as "Non-Current."
- (4) Interfund Sales and Purchases: Charges or collections for services rendered by one fund to another are recorded as revenues of the recipient fund and expenditures or expenses of the disbursing fund.

The composition of the agency's interfund activities is presented in Note 12.

NOTE 2: Capital Assets

(A summary of changes report from the Capital Asset Note Submission System (CANSS) is provided on the following page)

GASB 34/35 Fund Type Changes

The Authority holds legal title to property financed through various revenue debt instruments. Prior to the implementation of GASB 34/35, the Authority reported debt financed property on behalf of, and as provided by, the Texas Facilities Commission, State Preservation Board, the Texas Department of Criminal Justice and various agencies participating in the Master Lease Purchase Program. With the implementation of GASB 34/35, and as instructed by the Comptroller of Public Accounts, each of the Authority’s client agencies are responsible for reporting their own financed assets in the State Property Accounting system and their respective Annual Financial Report. The adjustments and ending balance in the capital assets table reflect this change in reporting requirements.

NOTE 3: Deposits, Investments, & Repurchase Agreements

The Texas Public Finance Authority does not make investments. By statute, the Authority is required to deposit funds into the State Treasury for investment by the Comptroller of Public Accounts.

The investment of funds held in the State Treasury is performed by the Comptroller of Public Accounts, with the concurrence of the Authority, if necessary, to comply with bond covenants.

DEPOSITS OF CASH IN BANK

The cash balance related to the travel advance account in Fund 0001 as of August 31, 2020, was \$1,000.00.

INVESTMENTS

There were no investment balances related to economically defeased bonds on August 31, 2020.

NOTE 4: Short-Term Debt

Governmental Activities	Beginning Balance	Additions	Deletions	Ending Balance
N/A				

The Authority’s Revenue Commercial Paper Notes and General Obligation Commercial Paper Notes have a maximum maturity of 270 days and may be paid off or reissued upon maturity.

It is the Authority’s practice to reissue the notes upon maturity and retire a certain amount each year. Therefore, the notes are reported in the Long-Term Liabilities Note, even though by definition commercial paper is a short-term debt instrument.

NOTE 5: Long-Term Liabilities

Changes In Long-Term Liabilities

During the year ended August 31, 2020, the following changes occurred in liabilities.

Governmental Activities	Balance	Additions	Reductions	Balance	Amounts Due Within One Year	Amounts Due Thereafter
	8/31/2019			8/31/2020

¹ Reflects the principal that would be due if the notes were amortized over the term of the respective agreements. Actual maturity is limited to 270 days from the date of issuance.

² The Series 2003 program was refunded by the 2019AB Revenue Commercial Paper Program. The Series 2019AB Revenue Commercial Paper project fund 0735 maintained a balance of proceeds of \$522.79 as of this report date.

Revenue Commercial Paper Notes

All of the Revenue Commercial Paper Notes, principal and interest, will be repaid from legislative appropriations made to the participating agency.

Revenue Commercial Paper Notes have a maximum maturity of 270 days and may be paid or reissued as they mature. It is the Authority's practice to reissue the notes upon maturity and retire a certain amount each year.

Revenue Commercial Paper Notes (Texas Facilities Commission (TFC) Projects), Series 2016A (Taxable) and Series 2016B (Tax-Exempt)

This program was initially established to finance a \$767.67 million capital construction appropriation made to the TFC in the General Appropriations Act for the 2016-2017 biennium (H.B. 1, 84th Legislature, Regular Session, Article 1, pg. I-45, Rider 19 (2015)). On January 9, 2020, the TPFA Board approved an amendment to the resolution to increase the size of the program to \$1,242,855,581 to finance the \$475,185,581 of projects authorized by H.B. 1, 86th Legislature, Regular Session, Article I, pg. I-46, Rider 16 (2019).

On July 11, 2019, the Board approved an increase to the liquidity facility for the Revenue Commercial Paper Program (TFC Projects), Series 2016A&B from \$175 million to \$200 million. No TFC Series 2016A (Taxable) commercial paper notes were issued during FY 2020. As of August 31, 2020, \$160,000,000 of Series 2016B Commercial Paper Notes (2016B Notes) were outstanding. The Authority paid \$101,311.48 in interest on the 2016B Notes in fiscal year 2020.

Revenue Commercial Paper Notes, Series 2003 (Master Lease)

Under the Master Lease Purchase Program (MLPP), participating agencies enter into lease agreements with the Authority, which purchases equipment on behalf of the participating agency using the proceeds from the issuance of revenue commercial paper notes. Under the terms of the lease agreements, title to the equipment is retained by the Authority until the lease expires and title is then transferred to the participating agency.

The MLPP Notes and interest are repaid from pledged revenues, which consist of legislatively appropriated lease payments or other funds made pursuant to lease agreements between the Authority and participating agencies, all of which are agencies and universities of the State of Texas.

Because the Authority purchases the equipment and leases it to other state entities, the financial treatment for the state as a whole will not reflect the program as either a capital lease or as an operating lease. Therefore, the MLPP Notes will not be reported as part of the Capital Lease Note or Operating Lease Note. Lease payments received from participating agencies are recorded as Lease Revenue in Other Revenue on Exhibit II. The Authority paid \$127,141.40 in interest on the MLPP Notes in fiscal year 2020.

All of the outstanding 2003 Revenue Commercial Paper Notes were refunded by the 2019A Revenue Commercial Paper Notes on January 7, 2020.

Revenue Commercial Paper Notes, Series 2019A&B

On November 8, 2019, the Board approved and adopted a resolution to amend and continue the Tax-Exempt Commercial Paper Revenue Notes, Series 2003 (Series 2003) providing for the increased

capacity of the program to a maximum of \$300 million outstanding at any point in time, extending the Program Termination Date to December 31, 2040, allowing for the addition of a taxable series of notes, and appointing Loop Capital to serve as a dealer in addition to Goldman Sachs. The Series 2003 was refunded by the Revenue Commercial Paper Revenue Notes, Series 2019A on December 19, 2019. In addition, the Board authorized staff to execute a liquidity agreement between the Authority and the Comptroller of Public Accounts to increase the liquidity commitment to \$200 million.

The 2019A&B commercial paper program is used to finance the Master Lease Purchase Program as well as other revenue construction projects as authorized by the Legislature.

The outstanding Series 2019A Revenue Commercial Paper Notes had an interest rate of 0.20% on August 31, 2020, and the notes are due during fiscal year 2021. The interest payable at maturity on the notes outstanding on August 31, 2020, was \$22,415.04. It is the intent of the Authority to reissue (i.e. “roll”) the outstanding commercial paper until such time as it becomes fiscally prudent to convert the short-term notes into conventional long-term fixed rate debt.

The Authority paid \$7,696,593.30 in principal and interest on the 2019A Notes in fiscal year 2020. No Series 2019B Revenue Commercial Paper Notes were issued during the fiscal year.

General Obligation (GO) Commercial Paper Notes

All of the GO Commercial Paper Notes, principal and interest, will be repaid from legislative appropriations made directly to the Authority.

GO Commercial Paper Notes have a maximum maturity of 270 days and may be paid or reissued as they mature. It is the Authority’s practice to reissue (“roll”) the notes upon maturity until it becomes either necessary (due to liquidity constraints) or otherwise fiscally prudent to convert the notes into fixed-rate long-term debt.

Series 2008 General Obligation Commercial Paper Notes

This commercial paper program was established to fund up to \$1 billion to finance various projects authorized by Senate Bill 2033/Senate Joint Resolution 65, 80th Leg., R.S. (2007) (Texas Constitution, Article III, Sec. 50-g). The proposed constitutional amendment and general obligation (“GO”) bond authorization was approved by voters on November 6, 2007 (“Section 50-g”). As set out in Section 50-g and its enabling statute (Government Code, Sec. 1232.1116), the Authority is authorized to issue GO debt to finance projects for various agencies for projects authorized by the Legislature in an appropriations act or other legislation.

\$62,000,000 of Series 2008 Commercial Paper Notes (2008 Notes) were outstanding as of August 31, 2020. The Authority paid \$527,331.05 in interest on the 2008 Notes in fiscal year 2020.

During fiscal year 2020, the proceeds from the issuance of the 2008 Notes were used to finance construction and renovation projects for various state agencies.

Cancer Prevention and Research Institute of Texas (CPRIT) Series A (Taxable) & Series B (Tax-Exempt) General Obligation Commercial Paper Notes

This commercial paper program was established to fund the \$3 billion in GO debt authorized by the 80th Legislature to finance cancer research grants (Texas Constitution, Article III,

Sec. 67). The constitutional amendment was approved by voters on November 6, 2007. CPRIT determines the projects to be financed, and the amounts and timing of the debt issuance requests.

On November 5, 2019 the voters approved a constitutional amendment increasing the maximum amount of bonds for CPRIT from \$3 billion to \$6 billion.

There were no CPRIT Series A Commercial Paper Notes (Series A Notes) outstanding as of August 31, 2020. The Authority paid \$2,765,268.27 in interest on the Series A Notes in fiscal year 2020. No CPRIT Series B Commercial Paper Notes were issued during the fiscal year.

Claims & Judgments

None

Employees’ Compensable Leave

A state employee is entitled to be paid for all unused vacation time accrued in the event of the employee's resignation, dismissal, or separation from state employment, provided the employee has had continuous employment with the state for six months. Expenditures for accumulated annual and other compensable leave balances are recognized in the period paid or taken in governmental fund types. For these fund types, the liability for unpaid benefits is recorded in the Statement of Net Assets. An expense and a liability for proprietary fund types are recorded in the proprietary funds as the benefits accrue to employees. No liability is recorded for non-vested accumulating benefits. This obligation is usually paid from the same fund source(s) from which the employee’s salary or wage compensation was paid.

Pledged Future Revenues

The following table provides the pledged future revenue information for the Texas Public Finance Authority.

	Governmental Activities			
	GO Bonds	Revenue Bonds	GO Notes and Loans	Revenue Notes and Loans
Pledged Revenue Required for Future Principal and Interest on Existing Debt	\$3,153,705,448.33 ⁽¹⁾	\$343,616,700.00 ⁽¹⁾	\$89,311,927.64 ⁽⁴⁾	\$279,557,849.01 ⁽⁴⁾

Current Year Principal and Interest Paid	\$274,234,323.76 ⁽³⁾	\$25,379,425.00 ⁽³⁾	\$3,151,332.33 ⁽⁵⁾	\$32,415,046.18 ⁽⁵⁾
Term of Commitment Year Ending 08/31	2040 ⁽²⁾	2039 ⁽²⁾	2021*	2021*
Percentage of Revenue Pledged	100.00%	100.00%	100.00%	100.00%

Pledged revenue sources:

Governmental activities — state appropriations

- (1) Schedule 2C
- (2) Fiscal Year of final bond maturity.
- (3) Schedule 2D
- (4) Estimated based on a 20-year amortization of outstanding debt as of 8/31. Does not include any potential future issuance. See Notes Payable Debt Service Requirements table above.
- (5) Exhibit C-2

* The Notes Payable Debt Service Requirements reflects the principal that would be due if the notes were amortized over the term of the respective agreements. Actual maturity is limited to 270 days from the date of issuance.

NOTE 6: Bonded Indebtedness

Bonds Payable

Detailed supplemental bond information is disclosed in Schedule 2-A Miscellaneous Bond Information, Schedule 2-B Changes in Bonded Indebtedness, Schedule 2-C Debt Service Requirements, Schedule 2-D Analysis of Funds Available for Debt Service, Schedule 2-E Defeased Bonds Outstanding, and Schedule 2-F Early Extinguishment and Refunding.

General information related to the bonds is summarized below.

REVENUE AND REVENUE REFUNDING BONDS

There were no Revenue Bonds or Revenue Refunding Bonds issued during fiscal year 2020.

REVENUE BONDS AUTHORIZED BUT UNISSUED

Government Code, Sec. 1232.104 (**Alternative Fuels Projects**): All \$50 million authorized remains unissued.

Government Code, Sec. 1232.110 (**State Board of Insurance Building in Travis County, State Aircraft Pooling Board relocation and development of Robert Mueller Airport acreage**): The original authorization for the State Board of Insurance specified an estimated project cost of \$59,937,000. The 75th Legislature reallocated the balance remaining under the maximum limit of 150% of the estimated project cost to fund the relocation of the State Aircraft Pooling Board and develop the Robert Mueller site. As of August 31, 2020, the amount of the remaining and redirected authorization was \$11,818,767.

Government Code, Sec. 1232.110 (**Purchase and Renovation of Buildings in Tarrant County and Harris County**): The authorization to issue \$10 million for estimated project costs for acquisition(s) in Tarrant County remains unissued, and \$4,093,718 of the issuance authorized for acquisition in Harris County remains unissued. If the Texas Facilities Commission (formerly Texas Building & Procurement Commission) requests financing under this remaining authorization, the principal amount of future issuances necessary to meet estimated costs of the project and costs of issuance may be as much as 150% of the remaining authorization for qualified projects.

Government Code, Sec. 1232.103 (**Master Lease Purchase Program**): On December 19, 2019, TPFA finalized the replacement of a commercial paper program used to finance MLPP purchases, namely by refunding the outstanding Series 2003 notes with the TPFA Revenue Commercial Paper Note Program, Series 2019A&B commercial paper notes. The Board has established the maximum amount of notes under the program to be \$300 million under this authority. The Board may, through a subsequent resolution, increase this authorized amount. The maximum amount of notes outstanding under the program is further limited to an amount not to exceed the liquidity commitment, which is currently set at \$200 million by contract with the liquidity provider, the Comptroller of Public Accounts.

Senate Bill 1839, 77th Leg., R.S. (2001) (**Nursing Home Liability Insurance**) codified in Insurance Code, ch. 2203, authorized the issuance of up to \$75 million in revenue bonds to fund a stabilization reserve fund to provide liability insurance of last resort from the Joint Underwriting Association for nursing homes. All \$75 million authorized remains unissued.

Senate Bill 14, 78th Leg., R.S. (2003) (**FAIR Plan**) codified in Insurance Code, ch. 2211, authorized the issuance of up to \$75 million in revenue bonds for the FAIR Plan Association to provide residential

property insurance. All \$75 million authorized remains unissued.

Labor Code, Chapter 203 (**Texas Workforce Commission**) authorizes the issuance of up to \$2 billion per bond issue in revenue bonds to finance deficits in the unemployment compensation fund. In 2003, \$1,376,720,000 in bonds were issued and were repaid in 2007. On November 18, 2010, the Authority sold Unemployment Compensation Obligation Assessment Revenue Bonds, Series 2010A in a par amount of \$1,110,415,000. Subsequently, on December 7, 2010, the Authority issued additional Unemployment Compensation Obligation Assessment Revenue Bonds, in Series 2010B and Series 2010C, in par amounts of \$549,465,000 and \$300,000,000, respectively. The bonds were sold in two separate bond issuances, to ensure that the issuance did not exceed the statutory limitation of \$2 billion for a single bond issue. The bonds were sized to work within the statutory limit of the ten-year maximum maturity and to allow for early retirement of debt.

On April 24, 2014, the Authority issued the Unemployment Compensation Obligation Assessment Revenue Refunding Bonds, Series 2014A&B, in the amount of \$709,785,000, which refinanced the then outstanding Series 2010A&B bonds to achieve a present value savings of approximately \$24 million. All obligations were sold as fixed rate, tax exempt bonds. The Texas Workforce Commission will report bonds related to the unemployment compensation fund in their annual financial report. The Series 2014A&B bonds were defeased before their scheduled final maturity on July 1, 2017.

Insurance Code Chapter 2210 (**Texas Windstorm Insurance Association**): House Bill 4409, 81st Leg., R.S. (2009) authorized the Authority to issue revenue obligations for the Texas Windstorm Insurance Association (“Association” or “TWIA”) pursuant to Subchapters B-1 and M, Chapter 2210, of the Texas Insurance Code with an annual limit of up to \$1 billion in “Class 1” public securities, \$1 billion in “Class 2” public securities and \$500 million in “Class 3” public securities, on or after the date of any an occurrence or series of occurrences that results in insured losses. Proceeds may be used to pay incurred claims and operating expenses of the Association, purchase reinsurance for the Association, provide a reserve fund, and pay capitalized interest and principal on the public securities for the period determined necessary by the Association.

Debt service on Class 1 public securities is to be paid by Association premiums and other revenue. For Class 2 public securities, thirty percent of the cost would be paid through assessments on Association members based on participation, and seventy percent of the cost would be paid by a premium surcharge on property and casualty policies in the catastrophe area, excluding federal flood, medical malpractice, workers’ compensation and accident and health. Class 3 public securities would be paid by an assessment on Association members.

House Bill 3, enacted by the 82nd Legislature, 1st C.S. (2011) modified provisions of the Insurance Code related to catastrophe financing for TWIA. The legislation allows the Authority to issue up to \$1 billion in Class 1 public securities at the request of TWIA with the approval of the Commissioner of Insurance prior to a catastrophic event such as a hurricane, as well as following such an event.

Pursuant to a request from TWIA, the Authority issued the Texas Public Finance Authority Class 1 Revenue Notes (Texas Windstorm Insurance Association Program), Taxable Series 2012 (the Notes) in the aggregate principal amount of \$500,000,000 on August 1, 2012. The Notes were issued to provide short-term liquidity to TWIA should there be a catastrophic event in 2012. The Notes were paid in full during Fiscal Year 2013.

On September 30, 2014, the Authority issued the Texas Public Finance Authority/Texas Windstorm Insurance Association Premium Revenue Taxable Bonds, Series 2014. The Texas Windstorm Insurance Association will report these bonds. On May 11, 2020, TPFA processed a partial cash defeasance of the term bond maturing on July 1, 2024 in the amount of \$45,000,000. As of August 31, 2020, \$227,200,000 is outstanding.

Pursuant to SB 900, 84th Leg., R.S. (2015), effective September 1, 2015, the limit on the amount of outstanding "Class 1" public securities is \$500 million, the annual limit on the issuance of "Class 2" public securities is \$250 million, and the annual limit on the issuance of "Class 3" public securities is \$250 million. Senate Bill 900 also provided for an additional tier of revenue, contingent on prior approval by the Texas Commissioner of Insurance, for "Class 2" and "Class 3" bonds issued on or after September 1, 2015. The additional revenue would be generated from premium surcharges assessed on all insurance policies that cover property in a catastrophe area, including automobiles.

Chapters 1232 and 1371, Texas Government Code, as amended and Part X, Title 34, Texas Administrative Code authorized the Authority to issue up to \$767,670,000 for the **Texas Facilities Commission Projects**. The maximum amount of notes outstanding under the program is limited to an amount not to exceed the applicable liquidity commitment, which as of August 31, 2020 was \$200 million by contract with liquidity provider, the Comptroller of Public Accounts.

The 86th Legislature authorized an additional \$475,185,581 for Phase II of the Capitol and North Austin complexes. These projects include the construction of office buildings, parking garages and utility infrastructure. The bond proceeds are appropriated to the Texas Facilities Commission and the amounts necessary for debt service are appropriated separately in the General Appropriations Act. In 2016, the Board established the TPFA Texas Facilities Commission Revenue Commercial Paper Program (Taxable and Tax-Exempt).

Chapters 1232 and 1371, Texas Government Code, as amended and Part X, Title 34, Texas Administrative Code authorizes the Authority to finance authorized projects for the **Texas Department of Transportation (TxDOT)**. In the General Appropriations Act for the fiscal 2020-2021 biennium, the 86th Legislature authorized TPFA to issue up to \$326 million in revenue bonds to finance the Austin Campus Consolidation project for the TxDOT. In addition to the revenue bond authorization, TxDOT's Rider 42 also appropriates the proceeds of the bonds to TxDOT and provides an appropriation for TxDOT to make lease payments to TPFA during the 2020-21 biennium.

Chapters 1232 and 1371, Texas Government Code, as amended and Part X, Title 34, Texas Administrative Code authorizes the Authority to finance authorized projects for the **Texas Health and Human Services Commission (HHSC)**. In the General Appropriations Act for the fiscal 2020-2021 biennium, the 86th Legislature authorized TPFA to issue up to \$208 million in "MLPP revenue bonds" to finance deferred repair and rehabilitation projects at state hospitals and state supported living centers throughout the state. In addition to the revenue bond authorization, HHSC's Capital Budget Rider 2 also appropriates the proceeds of debt issuances to HHSC and provides an appropriation for HHSC to make lease payments to TPFA during the 2020-21 biennium.

The following chart summarizes the authorized but unissued revenue bond authority as of August 31, 2020:

Revenue Bonds Authorized and Unissued

Texas Facilities Commission (North Austin & Capitol Complex Projects Phase II)	\$475,185,581	N/A	\$475,185,581
House Bill 1, 86th Leg. RS, p. II-50 ⁸			
Health and Human Services Commission (Deferred Maintenance Project)	\$208,816,277	N/A	\$198,816,277

¹ All issues of revenue bonds by the Authority under Chapter 1232 are subject to the 150% maximum limit, unless the legislature specifically overrides it by expressly capping the maximum par amount.

² Authorization is \$2 billion per issue. As of this report, no related debt is outstanding.

³ The size of the Master Lease Purchase Program is established by Board Resolution. On December 19, 2019, TPFPA finalized the refunding of the Series 2003 commercial paper program used to finance MLPP purchases, with the TPFPA Revenue Commercial Paper Note Program, Series 2019A&B. The current liquidity commitment for the Series 2019AB Revenue CP is \$200 million, and \$26,900,000 of Series 2019A was outstanding as of 8/31/20. Per the Board Resolution, the amount of outstanding notes shall not exceed \$300 million; however, the amount of outstanding notes is further limited by the liquidity commitment with the Comptroller of Public Accounts.

- ⁴ Prior to enactment of SB900, 84th Legislature, the following limits were applicable: the limit on the amount of "Class 1" public securities was \$1 billion, the annual limit of the amount of "Class 2" public securities was \$500 million, the annual limit of the amount of "Class 3" public securities was \$500 million. As of this report, \$227.2 million of pre-event "Class 1" bonds, issued under the statute as it existed prior to the effective date of SB 900, were outstanding.
- ⁵ Pursuant to SB 900, 84th Leg., R.S. (2015) effective September 1, 2015 the limit on the amount of outstanding "Class 1" public securities is \$500 million, the annual limit on the issuance of "Class 2" public securities is \$250 million, and the annual limit on the issuance of "Class 3" public securities is \$250 million.
- ⁶ Issuance of debt authorized in General Appropriations Act. Appropriation made to the Texas Facilities Commission effective 09/01/2015.
- ⁷ Issuance of debt authorized in General Appropriations Act. Appropriation made to the Texas Facilities Commission effective 09/01/2017.
- ⁸ Issuance of debt authorized in General Appropriations Act. Appropriation made to the Health and Human Services Commission effective 09/01/2019.
- ⁹ Issuance of debt authorized in General Appropriations Act. Appropriation made to the Texas Department of Transportation effective 09/01/2019.

GENERAL OBLIGATION AND GENERAL OBLIGATION REFUNDING BONDS

General information related to bonds is summarized below:

The following General Obligation Bonds and General Obligation Refunding Bonds were issued in fiscal year 2020.

Texas Public Finance Authority State of Texas General Obligation and Refunding Bonds, Taxable Series 2020 (Series 2020 Bonds) were issued on April 23, 2020 in the amount of \$472,470,000. Proceeds of the Series 2020 Bonds were used (i) by the Cancer Prevention and Research Institute of Texas (CPRIT) to make grants for cancer research and prevention and pay for the operations of CPRIT, (ii) to refund certain outstanding general obligation commercial paper notes of the State issued by the Authority for CPRIT, and (iii) to pay the cost of issuance

The following chart summarizes the authorized but unissued general obligation bond authority as of August 31, 2020:

General Obligation Bonds Authorized and Unissued

Authorization	Authorization Amount	Issued	Unissued/ Remaining Authorization
Self-Supporting			
1967 Art III, Sec. 49-e (P&W Code, Chapter 21)	\$75,000,000	\$75,000,000	\$0
2003 Art III, Sec. 49-n (TMPC-Loans to defense communities)	\$250,000,000	\$49,595,000	\$200,405,000
Art III, Sec. 49-f (Farm and Ranch Loans) ⁴	\$500,000,000	\$0	\$500,000,000
Art III, Sec. 49-i (Texas Agricultural Fund) ⁵	\$30,000,000	0	\$30,000,000
Total Self-Supporting	\$855,000,000	\$124,595,000	\$730,405,000
Non Self-Supporting			
1987 Art III, Sec. 49-g (Super Conducting Super Collider) ¹	\$250,000,000	\$250,000,000	\$0
Art III, Sec. 49-h Acquisition, construction and repair of State facilities (TDCJ, MHMR, TYC)			
1987 Art III, Sec. 49-h(a)	\$500,000,000	\$499,752,500	\$247,500
1989 Art III, Sec. 49-h(c)(1)	\$400,000,000	\$399,497,500	\$502,500
1991 Art III, Sec. 49-h(d)(1)	\$1,100,000,000	\$1,100,000,000	\$0
1993 Art III, Sec. 49-h(e)(1)	\$1,000,000,000	\$999,325,000	\$675,000
Total Art III, Sec. 49-h	\$3,000,000,000	\$2,998,575,000	\$1,425,000
2001 Art III, Sec. 50-f (Construction & Repair Projects, & Equipment Acquisition) ²	\$850,000,000	\$849,429,995	\$570,005
2001 Art III, Sec. 49-l (Colonias Roadway Projects)	\$175,000,000	\$172,000,000	\$3,000,000
2007 Art III, Sec. 50-g (Construction & Repair Projects) ³	\$1,000,000,000	\$982,157,674	\$17,842,326
2007 Art III, Sec. 67 (Cancer Research)	\$6,000,000,000	\$1,955,000,000	\$4,045,000,000
Total Non Self-Supporting	\$11,275,000,000	\$7,207,162,669	\$4,067,837,331

¹ Original authorization of \$500,000,000 was reduced to \$250,000,000 by public vote on November 7, 1995. All \$250,000,000 of bonds that had been issued are defeased.

² Constitution authorizes \$850,000,000 and requires Legislative appropriation for amounts for specific projects. The Legislature appropriated funds from FY 2002-2011.

³ Constitution authorizes \$1,000,000,000 and requires Legislative appropriation for amounts for specific projects. The Legislature appropriated funds from FY 2008-2015.

⁴ Per S.B. 1016, 81st Leg. RS (2009), the Authority is authorized to issue debt on behalf of the Texas Agricultural Finance Authority (TAFA) for certain agricultural loan programs. As of this report date, TAFA has not requested the Authority to issue debt. The authorization provided by Sec. 49-f authorizes the issuance of General Obligation debt so long as the amount outstanding at any one point in time does not exceed \$500 million. Debt previously issued under authority of Sec. 49-f has been fully redeemed and no debt is currently outstanding.

⁵ Per S.B. 1016, 81st Leg. RS (2009), the Authority is authorized to issue debt on behalf of the Texas Agricultural Finance Authority (TAFA) for certain agricultural revolving loan programs. As of this report date, TAFA has not requested the Authority to issue debt. The authorization provided by Sec. 49-i authorizes the issuance of General Obligation debt so long as the amount outstanding at any one point in time does not exceed \$30 million. Debt previously issued under authority of Sec. 49-i has been fully redeemed and no debt is currently outstanding.

TEXAS AGRICULTURE FINANCE AUTHORITY AUTHORIZATION

Senate Bill 1016, 81st Leg., R.S. (2009) amended Agriculture Code Subchapter D, Chapter 58, by adding Section 58.041. This change in law transferred the authority to issue debt for certain agricultural programs from the **Texas Agricultural Finance Authority (TAFE)** to the Authority. The constitutional authorization for the issuance of TAFE debt is found in Texas Constitution Art. III, § 49-f and 49-i. The TAFE programs supported by this general obligation debt authorization provide for debt service to be repaid by revenues from loans made by TAFE; however, if there is insufficient revenue to repay the debt, the constitutional authorization provides for the Note debt to be repaid from the first available money coming into the state treasury. The Authority has not yet been asked to issue debt by TAFE. Debt outstanding prior to the transfer of issuance authority and the amounts authorized and unissued are reported by TAFE in its Annual Financial Report.

TEXAS MILITARY PREPAREDNESS AUTHORIZATION

The 78th Legislature authorized the Authority's issuance of general obligation bonds to finance assistance to base realignment or closure action (BRAC) impacted defense communities. The Texas Military Value Revolving Loan Fund (the "Fund") is administered by the **Texas Military Preparedness Commission (TMPC)**. The TMPC may make loans from the Fund for economic development projects: to enhance the military value of military facilities, or in the development of job-creating projects that minimize the negative effects of a defense base realignment or closure. Loans may also be made to defense communities for infrastructure projects to accommodate new or expanded military missions assigned to a military base or defense facility located in, near, or adjacent to a defense community as a result of a military base alignment action

Texas voters approved SJR 55 on September 13, 2003 and amended the Texas Constitution, Article III, Section 49-n and Texas Government Code, Chapter 436. Debt service in the form of loan repayments is paid by participating defense communities to the Texas Military Preparedness Commission to pay debt on the outstanding bonds.

NOTE 7: Derivatives

The Authority does not have any outstanding derivative obligations.

NOTE 8: Leases

The Authority has not entered into any operating or capital lease obligations.

NOTE 9: Defined Benefit Pension Plans and Defined Contribution Plan

Not applicable to the Texas Public Finance Authority.

NOTE 10: Deferred Compensation

Not applicable to the Texas Public Finance Authority.

NOTE 11: Postemployment Benefits Other Than Pensions

Not applicable to the Texas Public Finance Authority.

NOTE 12: Interfund Activity and Transactions

As explained more fully in Note 1, Interfund Activities and Balances reflect numerous transactions between funds and agencies. At year-end amounts to be received or paid are reported as:

- Interfund Receivables or Interfund Payables
- Due from Other Agencies or Due to Other Agencies
- Due from Other Funds or Due to Other Funds
- Transfers In or Transfers Out
- Legislative Transfers In or Legislative Transfers Out

The agency experiences routine transfers with other state agencies that were consistent with the activities of the fund making the transfer. Repayment of interfund balances will occur within one year from the date of the financial statement.

Individual balances and activity at August 31, 2020, are displayed on the following pages.

NOTE 13: Continuance Subject To Review

Under the Texas Sunset Act (Government Code Ch. 325), the Authority will be abolished effective September 1, 2023, unless continued in existence by the Legislature as provided by the Sunset Act.

NOTE 14: Adjustments to Fund Balances and Net Position

Not applicable to the Texas Public Finance Authority.

NOTE 15: Contingencies and CommitmentsSick Leave

Sick leave, the accumulation of which is unlimited, is accrued at the rate of eight hours per month for full-time employment or a pro rata portion thereof for part-time employment and is paid only to an employee in the case of illness or to the employee's estate in the event of the employee's death while employed by the Authority. The maximum sick leave that may be paid to an employee's estate is one-half of the employee's accumulated entitlement or 336 hours, whichever is less. The Authority's policy is to recognize the cost of any sick leave when paid. No liability is recorded in the General Long-Term Debt Account Group because experience indicates the probability of a material adverse effect on any given year's operation is minimal.

Arbitrage Rebate

The Authority is subject to certain provisions of the Internal Revenue Code ("Code") relating to the investment and expenditure of the proceeds of tax-exempt bonds and commercial paper notes. Under the arbitrage provisions of the Code, the Authority may be required to pay either a rebate of arbitrage earnings on bond proceeds or a penalty.

A portion of certain Capital Project Funds has been reserved for payment to the federal government should arbitrage rebate become due in the future. Interim calculations are performed annually at fiscal year-end and funds are reserved for this contingent liability. No liability is accrued until the end of a five-year period for the required payment or upon the maturity of the obligation.

NOTE 16: Subsequent Events

On September 28, 2020, the Texas Public Finance Authority Charter School Finance Corporation was awarded a Charter School Program Grant for Credit Enhancement for Charter School Facilities by U.S. Department of Education and in the amount of \$10 million.

Proceeds from the issuance of both general obligation and revenue commercial paper notes were used to finance construction and renovation projects, equipment purchases, and grants for various state agencies. The amounts issued after fiscal year end are provided in the following table.

Debt instruments issued between September 1, 2020 and November 20, 2020 are listed below:

Issuance Type	Series	Amount	Issuance Date	Purpose
Commercial Paper	GO CP Notes CPRIT A (Taxable)	\$75,000,000	9/10/20	Fund CPRIT's grant awards
Commercial Paper	Rev CP Notes 2016B	\$39,000,000	11/12/20	Fund various projects of TFC
Commercial Paper	Rev CP Notes 2016A	\$1,000,000	11/12/20	Fund various projects of TFC

NOTE 17: Risk Management

The Authority has potential exposure to a variety of civil claims resulting from the performance of its duties. It periodically assesses the proper combination of commercial insurance and assumption of risk to address potential liability claims.

Pursuant to bond covenants, the Authority purchases property and business interruption insurance coverage for certain completed lease revenue bond projects with outstanding debt. Such projects are covered by builder's risk insurance during the construction phase and are added to the Authority's property insurance policy when projects reach substantial completion. For newly authorized lease revenue projects in the Capitol Complex and North Austin Complex authorized by the 84th and 86th Legislatures, the Authority will no longer purchase insurance coverage when the projects reach substantial completion. The decision as to whether to purchase property and casualty insurance, and in what amounts, rests with the tenant agency, in this case the Texas Facilities Commission

The Statewide Property Insurance Program administered by the State Office of Risk Management (SORM) provides coverage for the Authority's lease revenue bond financed facilities having reached substantial completion and having outstanding debt. In 2020, SORM's property insurance program is a shared and layered program with separate towers for higher education and public entities. The Authority's coverage is included in the public entity tower, which is supported by 10 separate insurance carriers providing all risk coverage (including equipment breakdown), time element insurance and terrorism coverage. The combined policies include coverage for the Authority's \$772,288,808 of total insured values, including loss of rents, and is shared amongst 47 state agencies and universities participating in SORM's Statewide Property Insurance Program insuring assets of over \$13.9 billion. No claims were filed by the Authority in FY 2020.

Effective February 1, 2022, all of the Authority's lease revenue bond obligations which financed completed and insured projects, will be fully paid. Following retirement of the bonds, the Authority's contractual responsibility to carry property insurance will expire and will no longer be maintained by the Authority. The state agency owning the building is advised of this fact when the bonds are retired and any decision as to continued maintenance of property and casualty insurance rests with the agency that owns the building, subject to any governing state law or policy.

General obligation bond financed projects are considered self-insured by the State; therefore, such facilities are not covered under the Authority's property insurance policy.

The Authority is not involved in any public entity risk pools with other governmental entities.

NOTE 18: Management's Discussion and Analysis (MD&A)

Not applicable to the Texas Public Finance Authority.

NOTE 19: The Financial Reporting Entity

Component units:	None
Joint ventures:	None
Related organizations:	Tx Public Finance Authority Charter School Finance Corporation
Jointly governed organizations:	None

Pursuant to Education Code, Sec. 53.351, the Authority established the Texas Public Finance Authority

Charter School Finance Corporation (the “Corporation”) in May 2003, to issue revenue bonds for eligible open enrollment charter schools. As of August 31, 2020, the Corporation had issued \$353,320,000 in revenue bonds for fourteen charter schools.

In 2005, the Corporation formed a consortium with the Texas Education Agency and the Texas Charter School Resource Center (succeeded by the Texas Charter Schools Association) to apply for a federal grant to assist charter schools. In 2006, the consortium received a \$10 million grant, to which the Texas Education Agency added \$100,000, to establish the Texas Credit Enhancement Program (TCEP). The TCEP provides credit enhancement to eligible charter schools in Texas by funding debt service reserve funds for bonds issued on behalf of the schools to finance education facilities.

As of August 31, 2020, approximately \$10.08 million of grant funds and related interest earnings were allocated in the form of credit enhancements to various charter schools.

On September 28, 2020, the Corporation was notified by the US Department of Education that a new grant of \$10 million was awarded to the Corporation to assist charter schools.

NOTE 20: Stewardship, Compliance and Accountability

The Authority’s client agencies enter payables for project related contracts and the Authority may fund the project on an as needed basis. The difference between the payables recorded by the client agency and the funding provided may show up as a “due to,” which is the amount authorized but not yet issued

NOTE 21: N/A

Not applicable to the Texas Public Finance Authority.

NOTE 22: Donor Restricted Endowments

Not applicable to the Texas Public Finance Authority.

NOTE 23: Extraordinary and Special Items

Not applicable to the Texas Public Finance Authority.

NOTE 24: Disaggregation of Receivable and Payable Balances

Not applicable to the Texas Public Finance Authority.

NOTE 25: Termination Benefits

Not applicable to the Texas Public Finance Authority.

NOTE 26: Segment Information

Not applicable to the Texas Public Finance Authority.

NOTE 27: Service Concession Arrangements

Not applicable to the Texas Public Finance Authority.

NOTE 28: Deferred Outflows of Resources and Deferred Inflows of Resources

In fiscal 2020, the Authority reported deferred outflows of resources in connection with bond refunding transactions amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter. The Governmental Activities deferred outflows/inflows of resources are presented in the following table.

Bond/Debt Refunding	Deferred Outflows	Deferred Inflows
GO Ref Bonds Series 2016	\$20,685,590.13	\$0
Total	\$20,685,590.13	\$0

NOTE 29: Troubled Debt Restructuring

Not applicable to the Texas Public Finance Authority.

NOTE 30: Non-Exchange Financial Guarantees

In 2005, the Charter School Finance Corporation formed a consortium with the Texas Education Agency and the Texas Charter School Resource Center (succeeded by the Texas Charter Schools Association) to apply for a federal grant to assist charter schools. In 2006, the consortium received a \$10 million grant to which the Texas Education Agency added \$100,000 to establish the Texas Credit Enhancement Program (TCEP). The TCEP provides credit enhancement grants to eligible charter schools in Texas by funding debt service reserve funds for bonds issued on behalf of the schools to finance education facilities. The debt service reserve funds will be held in the State treasury solely to provide security for repayment of the bonds.

As of August 31, 2020, approximately \$10.08 million of grant funds and related interest earnings were allocated in the form of credit enhancements to various charter schools.

On September 28, 2020, the Corporation was notified by the US Department of Education that a new grant of \$10 million was awarded to the Corporation to assist charter schools.

NOTE 31: Tax Abatements

Not applicable to the Texas Public Finance Authority.

NOTE 32: Governmental Fund Balances

The Authority uses the default fund classifications as promulgated by the Texas Comptroller of Public Accounts for all governmental funds.

(A) (B)

Notes to the Analysis of Funds Available for Debt Service-General Obligation Bonds:

Note A: The Bond Resolution indentures for the General Obligation issues of the Authority do not require a minimum balance in the Debt Service Funds.

Note B: Represents the total of the respective items classified as relating to General Obligation Bonds on Exh.C-2.

Note C: Interest Earned on Investments has been adjusted for rounding in order to reflect actual beginning balances and ending balances.

Note D: Gen Oblig Ref Bds (TPWD) Ser 2015B have pledged revenues of park entrance fees and sale of conservation permits that are available for debt service.

These pledged revenues are held in Fund 965 by the Texas Parks and Wildlife Department and are included in the Debt Service Fund Balance.
