The Plan establishes job classification titles, salary groups and salary schedules for all classified positions. When setting specific salaries, TPFA's Executive Director considers individual performance, experience, education, licenses, certifications, labor market conditions as well as the agency's available appropriations. The TPFA Executive Director, Lee Deviney, is the person responsible for selecting this methodology. TPFA's Executive Director not-to-exceed exempt salary rate is set by the Legislature and the specific compensation amount is determined by the TPFA Board. For additional information about the Plan, please contact the Texas State Auditor's Office.
4. **Executive Staff Supplement Eligibility:** TX Gov't Code Section 659.020 states: "A state employee employed by a state agency as defined by Section 658.001 whose position is classified under Chapter 654 or whose exempt position is funded by the General Appropriations Act may not receive a salary supplement from any source unless a

specific grant of authority to do so is provided by the General Appropriations Act or other law.” No such authority has been provided for TPFA employees.
